

## 2021 Southwest PGA Junior Prep Tour Championship Qualifying

### Criteria To Qualify for the Championship

- All age groups must play in at least three (3) rounds during the 2021 Prep Tour Season.
- Players must have participated in their division based on their age as of July 27, 2021.
- The following divisions must meet their designated Stroke Average Differential:
  - *Boys 15-18*: 13.0 or less
  - *Girls 15-18*: 20.0 or less
  - *Boys 13-14*: 16.0 or less
  - *Girls 13-14*: 27.0 or less
  - *Boys 11-12*: 11.0 or less
- Stroke average differential is calculated using the player's lowest three (3) rounds relative to par.
- Current results by division are below. Players highlighted in green have qualified for the Championship. Players in red have not completed the minimum rounds required. Players with no highlight have completed the required rounds but have not met the stroke average differential.

*\* The six-week schedule in the Southern Arizona District was shortened to four weeks due to weather-related issues. Juniors who participated in the Southern Arizona District only need to fulfill a two-event minimum to qualify for the Championship in Sedona using the best two rounds for the stroke average differential.*
